

CSE 205, July 14

In CT1 and CT2, two scripts were found without ID / NAME. Usually such scripts are not considered. But since obtained marks were 80% so I might consider the scripts. So those who attended the test but might have forgot to write ID/Name, can inform me through email. Please be honest in this case.

ID	CT1 (15)	CT2 (15)	CT3 (15)
1205001	15	13	13
1205002	10	11	15
